## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Completely against due Destruction of valued and essential green belt land, an asset to Gravesham and the country. Loss of farm land Traffic congestion and danger due introduction new junctipns and envisaged high number additional cars in vavinity of schools and local shops. Ecept A228 tp be grodlocked especially at peak times and with construcyion new lower Thames crossing Believe consultation application process is not valid given that it does not yake into account all those affectef -ie whole village and surrounding communities. Plans do not reflect local needs and need for social housong misplaced - should focus on towns with possible employment, social facilities and adequaye public transport (not present in Meopham) Noise, air and light polution. Will destro present community with some villagers choosong to movre and others faced with division of the village due difficulty accessing or crossing A227 in future. Example of planning to develop area for benefit of developers' budget / greed rather than providing housing where it is needed.</p>
-----------	--

Kind regards
