Reasons for comment:	
Comments:	With extreme climate events which is now at crisis the government & Councils have the responsibility to protect all greenbelt land, Nature, Wildlife and our precious Farmers Fields we need food security for our future. These lovely green spaces are to stop urban sprawl and villages joining up. There are plenty of Brown sites to use for housing and buildings that shouldn't lie empty. Also there is no evidence that any of the 3 planned sites in Meopham come under "exceptional circumstances " So I strongly object to any housing being built on Greenbelt/Green spaces and farm land.

Kind regards
