Reasons for comment:

Comments:	<p>Traffic congestion on an already busy and narrow road where parking is a problem will become even more dangerous.</p> <p>Outside of a special needs school it will be even more of a problem for the pupils who need to be in a calm and secure environment and this will create a danger to the pupils and the passing traffic. At school times traffic will be at a standstill. It already is highly problematic and there will be daily accidents and incidents</p> <p>We need to keep our agricultural land for the future benefits of the next generation. Once it is all built on we will have no options for growing the food we require.</p> <p>The bridge at the top of the road is already a problem with many large vehicles causing problems. Longfield Road is such a busy road already there will be countless accidents and emergencies for our already stretched emergency services.</p>
