Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Simply put ....no thanks.....</p> <p>More housing with decaying infrastructure? Our water supplies are stretched and regularly under a hosepipe ban, drainage fails under moderate rain.</p> <p>Schools, library, council services, medical care and other services are currently struggling with current numbers, with all the additional housing and no meaningful additions to services will put an unbearable stress on the local amenities.</p> <p>The a227 and local roads already are a rat run for the a2 and don't cope during peak or mildly busy days putting more stress on locals.</p> <p>Once again this is to fill a government quota and no care for locals, building on green belt and farm land is not only reckless but plain silly. Soon the south east will be a concrete jungle with no meaningful green space and no wildlife left thanks to greedy development all for 'progress'. Once it's gone we can't get it back.</p> <p>Finally, it simply doesn't fit, Meopham is a village not a town. All this does is bring an influx of people that do not share ideals and values of current residents.</p>
-----------	---

Kind regards
