Reasons for comment:	
Comments:	[REDACTED] Longfield Road [REDACTED] traffic is terrible around school time. There have also been a number of collisions because of the congestion and parking, sometimes with devastating injuries. The road cannot support any more users. The character of the area is under threat from development and the natural environment will be destroyed. There are far better sites for a development that will not lead to loss of good agricultural land and environmental damage.

Kind regards
