Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this project as the infrastructure at Istead Rise will not be able to accommodate the increase in residence, the roads will become too busy and dangerous, local schools will be overwhelmed and local doctors can't cope now let alone this huge increase in residence. I'm also concerned with the possible impact of water supply and sewage being able to cope with the extra demand. And as for promoting affordable housing that is a complete joke unless the quality of the properties are compromised. All in all I'm completely against this proposal.

Kind regards
