Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This amount of properties will have a huge effect on traffic within the local areas. The country lanes already cannot cope with the volume of traffic when there are small road works put in place. The reason we have always lived in this area is because we love the urban living and views of the countryside and do not want them spoiled with more new build houses and cars. The doctors and schools also cannot cope with the amount of people and no new facilities are put in place to accommodate new residents. I am strongly against this planning and believe that many existing residents will feel forced out if this is agreed.

Kind regards
