Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	It is disappointing to have to complete yet another objection for planning permission for this land which is green belt and already covered by an enforcement notice. I am objecting as the lane know as White Post Lane / Nurstead Church Road is very narrow and not built to take these large mobile homes and the endless traffic. There are dogs that are continually barking and a total disregard for the correct planning processes with large numbers of caravans arriving on all parts of the land. If permission is granted this will just lead to further caravans arriving. There are no proper amenities and rubbish is being burnt or dumped which is impacting the village and surrounding area. It feels unsafe now to walk down the lane, the trees have been butchered and if you meet anyone near the site they are unfriendly and intimidating. It used to be a very pleasant area for walkers, horse riders and cyclist now it is not. This green belt land should not be considered for a Travellers Site. The council have already allocated sites for Travellers to use which does not include the use of green belt.
