Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Strongly object to yet another huge development being planned. This area and the ones surrounding can't cope with any more people and cars. The infrastructure is already at breaking point on practically a daily basis, not to mention the extra pressure it will add to the already struggling NHS services in the area and surrounding it! This development will also have a hugely detrimental effect on the air quality and displace so much wildlife, it's just pure greed yet again from developers. Leave our villages and green belt land alone, we don't want to become towns!

Kind regards
