Reasons for comment:	
Comments:	<p>We need to maintain our rural and village character and preserve our natural environment for sustainable &amp; ecological reasons.</p> <p>The main road through the village and shopping parade opposite the site is already heavily congested and will not be able to sustain additional pressures from the proposed development.</p> <p>No exceptional circumstances have been evidenced.</p> <p>Existing infrastructure is at full capacity including local hospital and doctors surgery, which are both struggling with current patient load.</p> <p>Ecological systems and habitats will be damaged.</p>

Kind regards
