Reasons for comment:

Comments:	<p>Meopham is a village. It was never designed to become a town. This has been strived for over the generations. It is a site that has been in our Local Plan and classed as GREENBELT. The reasoning behind this is to maintain the rural areas. It is designed to separate the rural and the urban becoming one.</p> <p>Meopham and surrounding areas will become a mass traffic block on a daily basis. It will be impossible to get anywhere.</p> <p>Mostly though we shall lose the village status and feel. Also historical landmarks and features.</p> <p>Losing this land is just not sustainable. It is agricultural land. British Farmers need this for security and their livelihood and to keep british food thriving.</p> <p>Already with the catchment area for the schools and doctors being spread afar, the infrastructure is struggling. The A227 gridlocked most days at peak times. GP surgery is at full capacity, proving impossible to get an apt. Schools get bigger but they can't get the staffing to cover.</p>
