Reasons for comment:	
Comments:	I fully support this application as I personally feel that it will add diversification to this area , that this will help to bring more employment to this area , for local people , as well attract new people and thoroughfare thus improving local businesses all round and helping to place this area firmly on the map ... Our Kent countryside , which is ideally placed for all commuter links . Which will hugely benefit everyone collectively A naturally grown product being nurtured right here in our midst should be encouraged and fully supported for the well being of our local community.

Kind regards
