Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I am aware of this project as I know the couple who are involved in the vineyard development, I have lived in Meopham previously and the area concerned has been a regular walking route to my partner and I for many years and we, along with the local residents are very keen for it to remain an area of natural beauty, I understand that the objections are not regarding the vines but a building to house the equipment necessary to maintain the vines / store the produce and that the building is not in keeping with the environment, I also understand that the location of the building was originally somewhere else and the proposers have moved the location to please the objectors, If I am wrong then I will stand corrected ? I fail to understand why any local resident would object to a business that would enhance the area physically and bring a level of work to local people. As previously mentioned I know the proposers personally and can confirm that this is a long term investment for not only themselves but their family.

Kind regards
