| Comments:            | <p>The acceptance of this application will have a detrimental impact on the local area</p> <p>It doesn't fit in with the local area it will impact on local wildlife through noise and pollution</p> <p>It will add additional traffic into an area that is already seeing an increase and will continue to see with the pending lower Thames crossing .</p> <p>Additional rubbish will also be created by the type of work that the tenants carry out leading to the possibility of increased fly tipping</p> |
