Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to this application for development. The local infrastructure cannot cope with this amount of development. Meopham and Sole Street are semi rural and are home to many important species. This will be ruined and these beautiful species will not return if their habitat is gone. They will be gone forever. The roads are not fit for the current level of traffic that flows through the village and cannot cope if there is a problem on the A2. The area is naturally beautiful and this will also be lost forever if this development is allowed. The two villages will be all but joined and the community will be scattered and the identity of both Meopham and Sole Street will be lost. There is so much to lose if this goes ahead. We should be protecting all of these aspects of our identify not to mention the wildlife. Where will they go? They are running out of places to thrive. We should be protecting this not threatening their existence. Thank you for reading this.

Kind regards
