Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object in the strongest possible terms because: Traffic & Safety: Current infrastructure cannot support the estimated 1,500+ new residents. The resulting traffic increase poses a risk to both air quality and road safety. Ecological Loss: The destruction of green space is irreversible and contradicts local environmental preservation goals. Infrastructure Strain: There is no evidence that local GP surgeries, schools, or public services can accommodate this level of growth Put simply this is going to ruin the the local area. We travel to visit the area and use the shops 4/5 times per week and will no longer be doing so if this development goes ahead.

Kind regards
