Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This planning application is ludicrous and investigation into the affects on the existing local community have obviously not been thorough. Meopham and Sole Street are villages. We have village lanes and these are not large enough to deal with extensive traffic which would be the case if application is allowed. Trying to get out of Green Lane into the Wrotham Road for doctors appointment etc during the morning school run is awful at the best of times and will only get far worse with increased traffic. Meopham Medical Centre and Istead Rise Surgery have already stated that they are at capacity and cannot take on extra patients. Darent Valley hospital is also struggling, and the queues to get parked there are ridiculous at the present time. It seems that all green belt and agricultural land is being bought up by developers for pure greed. We do not need all these new properties and the villages cannot safely cope with them. Perhaps people should give thought to our countryside and respect it. If these applications, of which this one is only one of many, are allowed we will have no countryside left and this will also affect the wildlife that exists at the moment. If allowed, once these green fields are built on, there is no going back and our beautiful countryside, the Garden of England will be ruined forever.

Kind regards
