Reasons for comment:

Comments:	I strongly object to this proposed development for the following reasons. - It will join two independent villages into one larger conurbation ruining the countryside between the two villages - Loss of more prime agricultural land - Overdevelopment of the greenbelt - the road infrastructure is not good enough , the only access to the whole site is via country roads, there is no route to a main road. The current roads are over run at certain times already. -The development is inconsistent with the country side that it is going to be constructed in.
