Reasons for comment:	
Comments:	This proposed development is simply too large as Meopham services (especially doctors etc), roads and general infrastructure are overstretched now. It will also join two villages against all recommendations. It is greenbelt and is proposed to be built on food producing land - just where is the food that is currently grown there meant to come from? The only access is from the T junction to the A227 along a narrow road or through Sole Street, also along a narrow road and then through many more country lanes and villages.

Kind regards
