Mark,

Sorry, the bench we want is the Glasdon Phoenix Recycled Material Seat (see below) that WCL procured at Whitehill and provided an overall cost for the bench including concrete base bolted down, but I guess

you'll need to talk to Wiksteed regarding fixing and if there was an allowance from Wicksteed for a bench (think there was) then we just need to undertake an add/omit exercise, but this is the bench we want.

Hi Simon,

Please see below link from Wicksteed with regards to the range of bench's that they supply.

Please confirm which one is best suited.

At the moment they have not confirmed either way whether benches are a stock item.

Thanks Mark. Yeah really good and great to be back 😊

I'll speak with my chap now regarding the bin and I'm sure we'll need some additional waste/dog litter bins to the softscaped area and I'll let you know.

With regards to the bench, can I leave that with you to procure and liaise with Wicksteed regarding fixing ?

Morning Simon,

Welcome back, I trust you had a nice sun shine break.

Please see attached Plan from Wicksteed, detailing 1 x bench and 1 x bin and the location of each item.

Morning Gents,

Nina has updated me following last week's meeting and I just wanted to clarify a couple of points.

- Bins and benches to amenity space – can you confirm how many bins and benches are shown on the landscape masterplan? At Whitehill WCL sourced the bench (Glasdon Phoenix Recycled Material Seat – Pic 1) and provided an overall cost for bench including concrete base bolted down. I will speak with our Waste Management regarding the number of bins they estimate we will need for this space and the type of bin that will typically be the Broxap Single Litter and Dog Waste and Dual Litter & Dog Waste and Recycling Bin – Pic 2, but just let me know what the masterplan shows? Nina also recorded an issue about bin signage – can you confirm?

1. Glasdon Phoenix Recycled Material Seat

2. Broxap Litter Bin
