Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the 57 wine tanks. The tanks are large , industrial in appearance and completely out of character with the surrounding landscape. They are visually intrusive particularly from nearby homes. This is an industrial-scale installaton that does not align with the area's rural character. It sets a precedent for further unregulated industrial activity. They are noisy and disruptive and I urge GBC to object to this application.

Kind regards
