Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: There is already a major issue with parking in this area and the roads and streets nearby. The development of additional flats would inevitably increase the number of vehicles adding to this ongoing problem.

Furthermore, the erection of flats in this location is not appropriate within a designated conservation area. Such developments risk undermining the character, appearance, and historic integrity that the conservation status is intended to protect.

Kind regards
