Dear Sir/Madam,

RE: 20231109 | Submission of details pursuant to time limited condition 02 (details of the flush eaves to be reinstated to the building) in connection with planning permission 20231109

The subject application seeks to discharge the time limited condition 02 of planning permission 20231109 which was approved on the 18th of September 2024.

This application comprises:

- Covering letter
- Drawing 4261 – 01 – Eaves Details

Condition 2

The condition reads as follows:

Within one month of the date of this permission a scaled drawing at a scale of 1:10 showing details of the flush eaves to be reinstated to the building shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Please see drawing 4261 – 01 – Eaves Details which shows the details of the eaves to be reinstated at a 1:10 scale.

We trust that sufficient detail has been supplied to enable the relevant conditions to be discharged. We are of course happy to provide clarification on any parts of the submission if that is considered to be necessary.

We look forward to receiving confirmation that the application has been registered and to receiving the decision in due course.

Yours sincerely,

Oliver Neary
