

20230909 Kimberly Clark Ltd Northfleet Mill

HSE 30 October 2023

Thank you for your letter of 27 October 2023 to HSE's Land Use Planning advice team informing us that additional information has been submitted for a Request for Screening Opinion for land at Kimberly-Clark, Northfleet Mill, Northfleet - Construction of a Green Hydrogen Electrolyser and associated infrastructure (ref 20230909).

Having reviewed the new information, our view is that this does not affect HSE's previous assessment of the planning application.

Therefore the response in our previous advice letter of 18 September 2023 (attached) still applies.

We hope that this helps take your assessment of the Request for Screening Opinion forward.
