Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I'm very concerned about the increase in traffic, and how dangerous the access will be along such a narrow road. It is green belt land which is used for food production, so I strongly oppose its change of use. It is already a dangerous road to drive along, because it is so narrow and is already inadequate for the larger buses, HGVs and farm vehicles that use it. Building so many new homes in this space will make it even more congested and dangerous to use.

Kind regards
