Reasons for comment:

Comments:	The Wrotham Road is already busy and would be unable to cope with the extra traffic that this would bring. The proposed access onto Green Lane would be dangerous and is already congested at peak times and too narrow for larger vehicles. Currently 2 cars passing is quite tight. There are 3 schools in the same vicinity and this would become a dangerous and congested area with cars attempting to park in inconsiderate places which is already occurring. The site is currently agricultural and contributes to food production. This also is green belt land and one of the reasons we live in the area. This would be very disruptive for a SEN school. The village does not have the infrastructure to accommodate an extra 120 houses let alone the additional 500 + houses that are proposed on other land in the village.
