| Stance:              | Customer objects to the Planning Application   |
| Reasons for comment: |  |
| Comments:            | <p>Very busy main road to build on, would make congestion worse and dangerous to school children. Also the school in question is for Special Needs children who need a calmer environment both at school and on the way to school. Heavy vehicles will cause a lot of upset and distraction for pupils of a sensitive nature. Therefore not a suitable construction site. Also a busy parade of shops that already gets heavily congested would make it dangerous for pedestrians and parking. Therefore not a suitable site.</p> <p>Agricultural land would be reduced contributing to food shortages of local produce.</p> <p>We feel the proposed building plans on this road have not taken into account the local people in the area and are proposing it for their own selfish reasons.</p> <p>The area could not cope with more traffic and noise and could have disastrous consequences.</p> |

Kind regards
