Reasons for comment:

Comments:	<p>Inconsistency with Green Belt Purposes and Local Plans:</p> <p>Preventing Urban Sprawl: The development would cause the unrestricted sprawl of a built-up area.</p> <p>Preventing Merging: The development would prevent neighbouring towns or villages from merging into one another.</p> <p>Safeguarding the Countryside: The development represents an inappropriate encroachment into the countryside.</p> <p>Insufficient Infrastructure and Services:</p> <p>Transport Impact: The development would lead to a significant increase in traffic congestion, lack of adequate</p> <p>Lack of Social Infrastructure: The local community lacks sufficient capacity in schools, healthcare facilities (e.g., GP surgeries), and other public services to support the new homes. transport provision, or pose a risk to highway and pedestrian safety.</p> <p>Environmental and Ecological Harm:</p> <p>Loss of Biodiversity: The development would result in the loss of important habitats for wildlife or remove mature trees and hedgerows that contribute to local biodiversity.</p> <p>Contamination: The site is contaminated and the developer's plan to mitigate this risk is insufficient or poses a risk to health and the environment.</p>
-----------	--

Irreplaceable Habitats: The land contains irreplaceable habitats, as defined by the NPPF, such as ancient woodland or veteran trees.

Kind regards
