Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I totally object to this application it will cause dangerous access for cars on a tiny country lane, also the high grade food production will be harmful and lead to more unwanted imports. My overall opinion on all these sites are green belt land which has not been released from the green belt boundary. 1440 additional cars using the A227 as their main route in and out of Meopham, this road already used as a cut through by vehicles including HGVs despite narrow roads and pavements, any accidents causing even more problems with inadequate diversions when required. Lower Thames crossing will also increase the traffic using the A227. Commuters already stand on peak time trains from Meopham and sole street stations and current bus service is very limited and unreliable. Potential increase in population of Meopham by a third, also more strain on already overstretched GP and NHS services. We moved to Meopham seeking a quieter life in a beautiful village and I don't want to see Meopham turned into a bust town.

Kind regards
