Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I Strongly Object to these planning applications as Meopham is a only a small village. The proposal to build these and other planning applications within such close proximity will overwhelm the area. We have minimal facilities including one medical centre, and with no dental practice locally. The nearest train station has only two trains an hour and one on a Sunday, with a poor bus service, one bus an hour during the week. There is also very poor street lighting and CCTV because we have a low crime rate. Extra street lighting and CCTV will need to be installed at immense cost, increasing the Council Tax bill to our surrounding community. Housing developments need areas that can sustain them with infrastructure and services . However within the last few months we already have as many planing proposals for the same area.
