Windmill Street
Gravesend
DA12 1AU

2nd September 2022

Dear Sir/Madam

Follow-up Planning application to 2021/1283
Land between Comma Oil and Treatment Works, Dering Way, Gravesend, Kent

Following the withdrawal of the above application we are now pleased to submit a similar application, but with additional information comprising a flood risk assessment and surface water drainage strategy as requested in the Council's email of 09/03/2022. Other than the FRA/SWS document, the other application documents are the same as those previously submitted.

We hope that these actions are satisfactory for the Council's purposes and look forward to confirmation of validation.

Yours faithfully

A handwritten signature in purple ink that reads 'MHartley'.
