Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This does not benefit or reflects the needs of local community, increase in traffic approximately 300 cars 2 per household and with being 4/5 bed houses with children going up and having cars the figure will be higher with the A227 already at peak times heavily congested, and que's on New Barn Barn Road. It will also be a significant change to the view I have from my window having only moved to the area 3 years ago because of the wonderful views and a presence of a good community feel. Another factor is at the bottom of our road which is downs road is liable for flooding most times of the year, the surface water that does not get picked in the estate will run down to Downs Rd and further flooding will occur.... With added pressure on local hospitals & GP surgeries who are struggling as it is to get a appointment
-----------	---

Kind regards
