Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this absurd application, this is greenbelt land and infill with static & mobile caravans is just not acceptable on any level. I believe this is detrimental to the build policy of the local planning policy, harmful to the character of the area. I have no issue with travellers but you cannot just buy a plot of land in a nice area and plonk a caravan on it. When my associate told me of this who is directly affected by application i was more shocked than he was. The traffic count on this narrow lane is already to high and this will guarantee an accident with the caravans accessing & egressing this awkward access down a tight lane at slow speed. The impact on the neighbours from the applicants horses which will no doubt follow is another concern. On the water table and the ecological system will be harmed. A definite no from me and I pity the owners of The See ho that will be closed within months if this approved.
