REF – 24 / 00380 / NOPP - Erection of a lightweight structure to the side and rear of no 18 the Grove Gravesend.

Dear Planners

Please find attached a planning application the a canopy covered area due to the client having a visit from enforcement office Ian Brown.

The advice was to stop works on site (only the timber frame had been erected) and to submit planning for what they wanted as Ian had been hold it was more than a canopy and that it was higher than PD allows.

He was also checking that the structure wasn't attached to the adjoining neighbour as that was what was described. No part of the structure was making contact with the neighbours building.

Works were stopped and no further work will be done until planning has made a decision.

Regards
