Reasons for comment:	
Comments:	I have many, many concerns regarding this proposal. Here are just a few :- Destruction of agricultural land affecting future food supply. Destruction of habitats/existence of wildlife and ancient ecosystems. Keeping open fields reduces flooding so further building on this scale poses a significant risk to the area. Extreme traffic increase will result in safety issues and exposure to pollution to the population will significantly increase. Major impact on public service ie GP surgeries which are already under extreme pressure and are already slow to deliver an adequate service to existing residents.

Kind regards
