Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object Change of use of land to form a Gypsy/Traveller site comprising the siting of 2 mobile homes, 1 touring caravan, and 1 dayroom as with the other applications along this section of previously arable land I object and cannot see how gravesham planning can accept this as a good location for residences - poor infrastructure, single track road with dangerous access driveways being created - I have experienced vehicles pulling out from behind high fencing and gateways. the 8 ft high fencing and tarmacked areas and completely changed the area - displaced wildlife and made a previously quiet country road a messy, damaged and dangerous environment The tactic employed here for retrospective and confusing planning applications should not be accepted by a planning authority - there are many planning applications on this one area - increasing density from zero (wildlife only) to many - very difficult to discern from the many and confusing applications what the density is and what the areas our.
