Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to this application, I am aware that there was a previous application and I too objected to that. The plan is far from in keeping with Shorne village and from my direct and personal experience I am fully aware that the limitations put on to the application will most likely not be followed and we will see an increase in the number of units allocated to the pitch. I am also aware that despite not having proper planning the persons involved went ahead and sighted a static home on the site anyway, causing massive road congestion and a high amount of damage to ancient woodland and hedgerows in the process of placing said home. I would not be surprised if there has been persons living on site since this day which is unacceptable. I am also aware there will most likely be an increase in rubbish and littering in the area as well as an increase in anti social behaviour amongst other criminal activity. This may come across as derogatory but I have had first hand experience.
