Reasons for comment:

Comments:	I strongly reject this proposal. This road and the surrounding area cannot support the additional requirements presented by these developments. GPS cannot cope. Schools cannot cope. The roads will not cope. Coupled with the destruction of this beautiful area, the wildlife, eco systems, potentially green belt. This borough has plenty of locations nearer to Gravesend that would BENEFIT from development as they are run down, ugly sites , previously developed. Closer to amenities and transport links. I do understand the need for additional housing but I am shocked that the council find it necessary to develop in an unsuitable area when there are numerous other sites better equipped to support these developments. I will be very interested to hear the reason that Meopham has been identified as a development site over Gravesend. Totally reject the proposed plans in Meopham
