Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	These proposed developments will cause immense strain on the facilities in the Village, especially doctors and schools. There is not sufficient infrastructure to cope with the several thousand extra people that will live in the village. But the other very big concern is the road system. There is no safe access to either sites and the extra traffic from these properties will bring absolute chaos and danger to all users. Wrotham Road (A227) is already very busy, often used as a cut through from the M26 to the A2 and Dartford Crossing by lorries and cars. The surrounding lanes cannot cope if any part of the A227 is closed and there is no suitable alternative route as the lanes are generally only suitable for single lanes.

Kind regards
