Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposed development is inappropriate for the location. Current infrastructure cannot support it. The extra traffic generated will only add to congestion and pollution along surrounding country lanes Additional traffic on the already very busy and congested A227 The building of the lower Thames crossing should also be taken into consideration as this will generate more traffic movements along the A227 A2/M20 corridor This is high quality agricultural land This is green belt

Kind regards
