

Ref. 20240709.

Dear Ms Harrison,

With reference to your letter of 2nd August re Vale Road I would like to state we have a very nice wide grass verge which the Council has always kept cut and tidy which this would destroy. If this work was moved to the other side of the fence which is a very large open space only used for taking dogs for walks which will solve the problem as it is not just a Pde but lots of equipment cabinets.

I do not have an EMAIL or a smart phone so my phone number is at the top.
