

Application: 20240527

**TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)
(ENGLAND) ORDER 2015 (AS AMENDED)**

NOTIFICATION OF GRANT OF PERMISSION TO DEVELOP LAND
--

To: **Net Zero Marine
C/O Fiona Duffy, Boyer Planning
120 Bermondsey Street
London
SE1 3TX**

TAKE NOTICE that the **GRAVESHAM BOROUGH COUNCIL**, the Local Planning Authority under the Town and Country Planning Acts, has **GRANTED PERMISSION** for development of land situate at:

**Denton Wharf
Mark Lane
Gravesend
Kent
DA12 2PL**

and being **Construction of DNO kiosks, Low Voltage Cabinets and associated Cabling**. Your application dated 17th June 2024 is permitted subject to the following:-

1. The development hereby approved shall be begun not later than 3 years following the date of this decision.

Reason: In pursuance of Section 91 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following schedule of approved plans:

- Application form;
- Figure 1 - Feeder Pillar A;
- Figure 1 - Feeder Pillar B;
- Figure 1 - Feeder Pillar C;
- Figure 1 - Feeder Pillar D;
- Figure 1 - UKPNGRP;
- Figure 1 - Site Location Plan;
- Figure 1 - Proposed Site Plan;
- EA Addendum Covering Letter;
- Planning Statement; and
- Flood Risk Assessment.

Reason: For the avoidance of doubt and in the interests of proper planning.

3. The applicant shall undertake a watching brief during construction in case any contamination issue is encountered. If during development any contamination is found, the local planning authority should be informed as soon as practical and the work shall not continue until written agreement is provided by the LPA as to the appropriate measures to be taken to resolve the matter and they are satisfied that those measures have been carried out.

Reason: To prevent harm to human health and pollution of the environment and in accordance with Policy CS19 of the Gravesham Local Plan Core Strategy (2014).

INFORMATIVES:-

1 DEVIATION FROM APPROVED PLANS

It is possible that any proposed deviation from the approved plans could be classed as a 'material' change requiring a further application/permission. In the event that any change is proposed, applicants are advised to seek advice from the Local Planning Authority [as proceeding without the necessary permissions could nullify this permission].

2 BUILDING REGULATIONS AND PARTY WALL ACT

This decision DOES NOT imply any consent which may be required under the Building Regulations or under any other enactment or provision. Nor does it override any private rights which any person may have relating to the land affected by this decision, including the provisions of the Party Wall etc. Act 1996.

3 STATEMENT OF POSITIVE AND PROACTIVE APPROACH TO DECISION-MAKING

In accordance with Article 35 (2) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended), and paragraph 38 of the National Planning Policy Framework (NPPF) 2023, the Local Planning Authority has approached the assessment and determination of this application in a positive and creative way and, where appropriate, has worked pro-actively with the applicant to secure a development that is sustainable and that improves the economic, social and environmental conditions of the area, and that is in accordance with the Development Plan for the area.

4 KCC Public Right of Way (PROW)

The proposed cabling works will cross over Public Right of Way NG1, which would entail the surface of NG1 being dug up to accommodate the new cabling. If this is the case, then a Traffic Restriction Order (TRO) will need to be applied for to close/divert the footpath. Please advise the applicant that a minimum of 6 weeks is required to apply for a TRO and this can be done by e-mailing the Public Rights of Way and Access Team at westprow@kent.gov.uk. I enclose a copy of the Public Rights of Way network map showing the line of the path for your information.

The granting of planning permission confers no other permission or consent on the applicant. It is therefore important to advise the applicant that no works can be undertaken on a Public Right of Way without the express consent of the Highways Authority. In cases of doubt the applicant should be advised to contact this office before commencing any works that may affect the Public Right of Way. Should any temporary closures be required to ensure public safety then this office will deal on the basis that:

- o The applicant pays for the administration costs.
- o The duration of the closure is kept to a minimum.
- o Alternative routes will be provided for the duration of the closure.
- o A minimum of six weeks notice is required to process any applications for temporary closures.

This means that the Public Right of Way must not be stopped up, diverted, obstructed (this includes any building materials or waste generated during any of the construction phases) or the surface disturbed. There must be no encroachment on the current width, at any time now or in

future and no furniture or fixtures may be erected on or across Public Rights of Way without consent.

5 KCC BIODIVERSITY

The works shall be carried out following best practice construction measures to minimise noise/dust/dirt impacting/entering the River Thames.

6 ENVIRONMENT AGENCY

Flood Risk

Due to the location of the proposal and installation of cabling, the applicant will need to apply for a Flood Risk Activity Permit.

Environmental permit - Tidal Informative

Please be aware that any works, whether permanent or temporary, may require a Flood Risk Activity Permit from the Environment Agency. The Thames is a designated 'main river' and under the jurisdiction of the Environment Agency for its land drainage functions. Under the Environmental Permitting (England and Wales) Regulations 2016 any works in, over, under or within 16m of the tidal flood defences, may require a permit from the Environment Agency.

The applicant should contact the Partnerships and Strategic Overview team at PSO.SELondon&NKent@environment-agency.gov.uk.

7 MARINE MANAGEMENT ORGANISATION

Marine Licensing

Works activities taking place below the mean high water mark may require a marine licence in accordance with the Marine and Coastal Access Act (MCAA) 2009.

Such activities include the construction, alteration or improvement of any works, dredging, or a deposit or removal of a substance or object below the mean high water springs mark or in any tidal river to the extent of the tidal influence.

Applicants should be directed to the MMO's online portal to register for an application for marine licence

<https://www.gov.uk/guidance/make-a-marine-licence-application>

You can also apply to the MMO for consent under the Electricity Act 1989 (as amended) for offshore generating stations between 1 and 100 megawatts in English waters.

The MMO is also the authority responsible for processing and determining Harbour Orders in England, together with granting consent under various local Acts and orders regarding harbours.

A wildlife licence is also required for activities that that would affect a UK or European protected marine species.

The MMO is a signatory to the coastal concordat and operates in accordance with its principles. Should the activities subject to planning permission meet the above criteria then the applicant should be directed to the follow pages: check if you need a marine licence and asked to quote the following information on any resultant marine licence application:

- local planning authority name,
- planning officer name and contact details,
- planning application reference.

Following submission of a marine licence application a case team will be in touch with the relevant planning officer to discuss next steps.

8 UK POWER NETWORKS

Please note there are LV underground cables on the site running within close proximity to the proposed development.

Prior to commencement of work accurate records should be obtained from the Plan Provision Department at UK Power Networks, Fore Hamlet, Ipswich, IP3 8AA.

All works should be undertaken with due regard to Health & Safety Guidance notes HS(G)47 (Avoiding Danger from Underground services). This document is available from the local HSE office.

Should any diversion works be necessary as a result of the development then enquiries should be made to the UK Power Networks Customer Connections department. The address is UK Power Networks, Metropolitan house, Darkes Lane, Potters Bar, Herts, EN6 1AG.

You can also find support and application forms on the UK Power Networks website [Moving electricity supplies or equipment | UK Power Networks](#).

9 WORKS OF CONSTRUCTION

Hours of work of construction site plant, equipment and machinery, should be restricted to not earlier than 7.00 a.m. and not later than 6.00 p.m. weekdays and Saturday working should be restricted to not earlier than 8.00a.m. and not later than 1.00 p.m. No work shall be carried out on Sundays, Bank or Public Holidays.

i. Suitable sound attenuation shall be used at all times in respect of all plant, machinery and equipment in operation on site in order to aid prevention of noise nuisance. Compliance with BS 5228: Part 1: 1984 and subsequent amendments regarding the use of equipment on site will be required in appropriate cases.

ii. A suitable method of control shall be used in order to aid prevention of dust nuisance arising from work activities on site.

iii. Burning of waste materials shall not be carried out on site. Such materials are to be stored in a suitable receptacle, as far from residential accommodation as reasonably practicable, pending disposal off site.

iv. Adequate arrangements shall be made to remove all waste material from the site on a regular basis and to dispose of it at a suitably licensed waste disposal site.

NOTIFICATION TO APPLICANT

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If this is a **householder application*** which has been refused and you want to appeal against your Local Planning Authority's decision then you must do so within **12 weeks of**

the date of this notice.

- For all other applications, refused or permitted, if you want to appeal against your Local Planning Authority's decision then you must do so within 6 months of the date of this notice.
- **For further information regarding Appeals and to make an application please click the relevant link:**
<https://www.gov.uk/appeal-householder-planning-decision>
<https://www.gov.uk/appeal-planning-decision>
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

***Householder applications**

These are:

- (a) applications for planning permission for development of an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse, or
- (b) an application for any consent, agreement or approval required by or under a planning permission, development order or local development order in relation to such development

but does **not** include –

- (i) an application for change of use;
- (ii) an application to change the number of dwellings in a building.

PURCHASE NOTICES

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor can he/she render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
