Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I would like to formally object the access routes proposed through Coombe road. As you are aware this road is a no through road with limited parking availability for residents. We currently have non Coombe road residents (Whitehill Road & neighbouring road residents) parking on Coombe Road, restricting the spaces for residents on this road.

Personally this affects me and my child adversely already [REDACTED]

[REDACTED] I am concerned by allowing access routes through Coombe road, we will see an influx of new residents parking on our already restricted road. If this access route is constructed, I will be further restricted and this will in turn limit the how often and for how long we can leave our home without the risk of my son having to be either left at home with the risk of dangers in the house or walk with me, with the danger of him running into Whitehill Road, to wherever I have had to park the car on the instance when I don't have parking on my road. Currently this happens at the very least once a week, I am concerned this will increase further.

As we have elderly neighbours, I am concerned for when ambulances and caretakers have to park on our road. When parking is restricted they currently park in the middle of the road as they need direct access. I do not see a reason as to why non residents/resident visitors would need access into Coombe Road.

Kind regards
