Reasons for comment:

Comments:	<p>Insufficient infrastructure of already severely congested roads. Parking in the area is an emense problem at the local shops and the road around the area is dangerous for drivers and pedestrians.</p> <p>This is a total disregard of our natural countryside and wildlife habitat which should remain to be protected. Households who have beautiful views/access to the fields and countryside should be able to retain this and not have the value of their properties decreased. The country side should be able to continue be walked in and not built on.</p> <p>Meopham is a village and needs to remain so and not become part of the housing sprawl which is ever increasing in surrounding areas which has increased by 1000's of houses in the past few years.</p> <p>Insufficient medical facilities for an increased Meopham population at the surgery and in the wider picture just 1 hospital to cater for the 1000's of new houses recently built in the DA postcodes is totally insufficient and unsustainable. Speak to the hospital staff and listen to the strain they are under.</p> <p>More housing is putting on our water supplies and whole infrastructure of the village.</p>
-----------	--

Kind regards
