| Stance:              | Customer objects to the Planning Application  |
| Reasons for comment: |   |
| Comments:            | <p>I object to this application, mainly on the grounds of road safety. I have lived in the area since 1985 and can recall the number of 'Black Spots' on the A227 Wrotham Road. There have recently been a couple of serious accidents within a few hundred yards of the proposed junction and I feel this new junction would increase the likelihood of further ones. GBC have turned down previous applications that contained a junction with Wrotham Road and this one should be no different. If this was the correct judgement then, it should continue to be so now.</p> |

Kind regards
