Reasons for comment:

Comments:	<p>I strongly object to this build as the GravesendRoad/Wrotham Road/South street is constantly very busy from the early hours until past 7pm in the evening due to it being used by many HGV's and other vehicles. This is partly as its used as a main connection between the A2 and M20/M26. The road is always in poor condition in many parts and results in repairs/temporary traffic lights causing very long tail backs.</p> <p>The GP's surgeries are already fully utilised and our one which is Meopham Medical centre results in having to wait 5+ days to get an appointment.</p> <p>The road immediately along the section where the houses are proposed and approx. 500yds either side are often flooded in heavy rain which then results in the drain covers lifting</p> <p>Their is insufficient parking facilities proposed on the site based on 100 homes requiring around 225+ cars and if only 25% of them had visitors or deliveries at any given time then the only place they could park would be on the main road, resulting to further problems.....</p>
-----------	--

Kind regards
