Reasons for comment:

Comments:	<p>I strongly object to this proposal for the following reasons:</p> <p>The impact on the already busy A227 - with the huge increase in the volume of traffic that a housing estate will cause and also the impact to emissions and safety risks, from the increase in the amount of lorries that will no doubt be driving to and from the site.</p> <p>More building will have an adverse impact on drainage in an area that already experiences issues that could lead to serious, widescale flooding in the future.</p> <p>The infrastructure of the area is already fully stretched ie Doctors' surgeries; schools; parking at shops etc.</p> <p>The impact on the environment and harm to animal species.</p> <p>The current Government pledged to build on Brown sites - not green belt land.</p>
