Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I am objecting due to the large increase we have seen in the local lanes and through Cuxton, of HGV's and other large vehicles which are unsuitable for our roads.
This will only increase if this application is approved.
The access does not support this size and type of business.
At every school drop off and collection, there are lorries trying to manoeuvre through Cuxton. The roads are not big enough and the lorries frequently mount the kerbs or force other vehicles to do so. I have watched a very high lorry, unable to clear trees on Bush road, reverse fully on to the pavement so that it could realign and clear the trees. Many children were stopped by parents but my fear is there will be an accident. Children who are new to walking to school alone would not necessarily anticipate an illegal manoeuvre such as this, its extremely concerning as the volume of these vehicles will only increase with more tanks being allowed.
The roads are also being damaged in the lanes and this rural area is being industrialised bringing with it an increase in noise.

Kind regards
