Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to this development on the following grounds.</p> <p>It is building on Green Belt. Re-designating this piece of land to Grey Belt is a lazy attempt to avoid finding more suitable land which may need investment before building can commence.</p> <p>The proposed 100 homes will cause unwanted repercussions on roads, GP services, Darent Valley hospital and local infrastructure. eg water supply, sewage management, power grids and the only road through Culverstone and Meopham, the A227.</p> <p>The GP service and Darent Valley hospital are already over-stretched with no prospect of being able to cope with an increase in demand.</p> <p>The A227 is already heavily used by cars, lorries and tractors. There is a primary school, near the proposed development and a large secondary school at Meopham, along it's route. It is congested at busy times and on the frequent occasions when traffic is diverted due to problems on the M20, M25 and A2. On the occasions when the A227 is closed to traffic, the country lanes are badly affected and not suitable for the volume of traffic.</p> <p>The character and attractiveness of Culverstone and Meopham will be lost through over-development especially with the 730 proposed development just a little way further down Wrotham Road and at Longfield Road.</p>
