## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I'm objecting to the proposal in the basis of impact to the environment, many protected species incl bats birds etc and the ancowoodland would be damaged. Also the proposal goes against the most recent Government National Planning Policy since this plan would have highway safety impact, pollution etc. There isn't sufficient public transport network for the additional houses and the A227 is really congested and unsafe as it is, no walking pavements and not in walking distance of amenities or public transport points, the development would also have significant flood risk to the area around it and its not a grey belt. It could also be contaminated.

Kind regards
